THE utility of a *Vade Mecum* designed to obviate the laborious processes of calculating Interest, coupled with the success which attended the publication of the TABLES AT 4 AND 5 PER CENT., and the acknowledged correctness of the latter, have induced the Compiler to prepare and submit to the Public another set of TABLES AT $3\frac{1}{2}$ PER CENT., showing for any length of time the Interest for any amount from Rupees 100 to 1,00,000. He can confidently recommend them, having bestowed every possible care in testing the accuracy of all the calculations.
